

QUALITY POLICY

Quantum Building Services is committed to implementing and maintaining a quality management system that will improve efficiency and productivity to ensure that all our services meet the requirements of our customers.

The quality management system shall be in accordance with the requirements of AS/NZS ISO 9001 quality management systems standards.

The aim of this policy and all associated procedures is to ensure that we fully understand and comply with our customer requirements at all times.

The objectives of this policy are to:

- Provide adequate resources to establish, implement and maintain the quality management system.
- Communicate this policy to all employees through inductions, training and ongoing examples in the workplace.
- Ensure the management system is implemented across the organization.
- Promote a culture standard of zero defects performance
- Monitor and measure the effectiveness of implementation of the system through a programme of audits to verify performance

Each workplace shall establish appropriate performance indicators to ensure these objectives are being met.

The senior management is committed to this quality policy and to the systems developed to deliver its objectives. Senior management supports staff in their commitment to:

- Comply with the quality system
- Continually improve the quality system
- Strive for excellence in the delivery of services

The quality management system assures our customers of our ongoing commitment to provide them with cost-effective, value-based solutions.

It is a requirement that all employees, contractors and visitors comply with the requirements of this policy and our Quality management standards at all times.
